Vehicle to Load (V2L)

Feel free to utilize the portable electricity supply up to 3.6kW with V2L. It can be used for power up everything you need.

Smart Tailgate

Smart tailgate opens up when you approach the car to put your items for 3 seconds. Hands-free makes the journey hassle-free.

Advance Driving Assistance System (ADAS)

Remote Smart Parking Assist (RSPA)

RSPA enables safe moving in and out of a parallel and perpendicular spaces. Whether you are inside the vehicle or out, the sensor can park and exit your car smoothly.

Rear Cross Traffic Collision Avoidance Assist (RCCA)

When exiting by reversing, RCCA prevents collisions and increases safety. Detect approaching vehicles on both sides, provide warnings, and stop with emergency brakes if the possibility of a collision increases even after the warning.

Forward Collision Avoidance Assist (FCA)

FCA uses a front-view camera and radar to detect a vehicle, pedestrian or cyclist ahead. By warning and braking automatically, it can help you avoid, or reduce the severity of, an accident.
